BRT LABORATORIES, INC. ANNOUNCES ASCLD/LAB-INTERNATIONAL ACCREDITATION

BRT Laboratories, Inc. receives the ASCLD/LAB-*International* Certificate of Accreditation in the field of Forensic Science Testing

Baltimore, MD (May 2008) - Baltimore based BRT Laboratories, Inc. (BRT) has been awarded the American Society of Crime Laboratory Directors Certificate of Accreditation in the field of Forensic Science Testing. BRT is a biotechnology company that performs Forensic Biology, Relationship Analysis (Immigration, Paternity, Sibship), and Clinical Contract, Research and Testing. The company is a privately held, wholly owned subsidiary of Baltimore Rh Typing Laboratory, Inc., a public charity serving the greater Baltimore-Washington area. Headquartered in Baltimore, MD. BRT has an extensive network of sample collection centers throughout the United States and around the world and is capable of performing forensic testing nationwide.

The ASCLD/LAB-*International* accreditation asserts BRT's conformance to ISO/IEC 17025:2005 and International Requirements for Forensic Science Testing in the discipline of Biology, specializing in Nuclear DNA testing and Serology (body fluid identification).

Accreditation held by BRT, in addition to the ASCLD/LAB-*International* certifications, include:

- Member of, and accredited by, the American Association of Blood Banks (AABB)
- Registered by the Clinical Laboratory Improvement Amendments (CLIA)
- Licensed by the State of Maryland Department of Health & Mental Hygiene
- Licensed by the State of New York Department of Health
- College of American Pathologists (CAP) Proficiency Participant

For more information, please contact BRT's branding firm Gallery Creative Group at 410.997.7777 or visit them at www.gallerycreativegroup.com or contact BRT directly at www.brtlabs.com.
